

## HAD QUIT WORK READY TO GIVE UP IN DESPAIR Restored to Health By Vinol

"I was sick, run-down and finally had to give up work. After trying a number of remedies and several physicians, I was just about ready to give up in despair. I saw Vinol advertised and decided to try it, and it has done more good for me than all other means combined. It has built me up and restored my strength until I now feel twenty years younger, and am able to attend to my work again as usual." Job Jeavons, 1036 Lind street, Wheeling, W. Va.

The reason Vinol is so successful in such cases is because it contains tonic iron and all of the strengthening blood-making and body-building elements of cod liver oil, but no oil. Vinol is unexcelled as a strength creator for old people, delicate children, weak, run-down persons, and after sickness—and is the best known remedy for coughs, colds and bronchitis.

We return your money if Vinol fails to give satisfaction.

## CRYSTAL GAVE PRETTY AFFAIR YESTERDAY WAS SOUVENIR DAY, AND THE PUBLIC WAS DELIGHT- FULLY RECEIVED.

In spite of the inclemency of the weather yesterday, the Crystal Pharmacy succeeded in conducting the largest and most successful "reception day" which has been enjoyed in the city for many months. Bevy of enthusiastic ladies and interested men thronged the clever store at all hours of the day, and enjoyed the courtesy hospitality of Mr. Rawls, Mr. Petersen or Mr. Gattman, who, with the aid of their assistants, succeeded in dispensing delightful cheer to their friends during the hours while the "Crystal" received.

Hot chocolate was served, the American National Biscuit Company having furnished their wares as free samples to the public during the day. There were also cigars for the men. Whitman's candies, for which the Crystal is justly famous, together with clever little Easter baskets filled with dainty samples of the latest and best in toilet articles were given as souvenirs.

Pensacola people, in fact, were delightedly treated yesterday in the beautiful pharmacy, and the hosts of the day are deserving of unbounded credit.

## CRACK PLAYER HAS SMALLPOX IN AUGUSTA, GA.

Hal Chase, First Baseman of New York Americans, is in Detention Camp—Other Players Vaccinated.

By Associated Press.

Augusta, Ga., April 8.—Hal Chase, the first baseman of the New York American team, is in the pest house here with a severe attack of small pox and the other members of the team are watching their arms and wondering if the vaccine virus will put them out of the game before the season opens. They were all vaccinated as soon as Chase's condition became known.

Chase contracted small pox at Macon by coming in contact with two bell boys at the hotel where the team was stopping. Catcher Barrett of New York, and Pitcher William Brunner, of Gulfport, Miss., members of the Macon South Atlantic League team, have been sent to the hospital suffering with the disease. Eleven members of the South Atlantic club were vaccinated today, which will probably cause the team to abandon the schedule.

### Disease Germs

Cannot harm healthy human bodies. We cannot have healthy bodies unless we have pure blood,—the kind of blood that Hood's Sarsaparilla makes.

This great medicine has an unequalled, unapproached record for purifying and enriching the blood.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite, general debility, and builds up the whole system.

Get it today in the usual liquid form or in associated tablet form called Sarsatables.

## MUTILATION OF DISPATCHES IS CONSIDERED

Investigations Have Shown Cipher Messages of This Government Were Purposely Mutilated by Venezuela.

By Associated Press.

Washington, April 8.—The Nicaraguan mutilation of official dispatches of this government and the continued grave conditions in Central America are under earnest consideration by the Washington government.

Investigations have convinced officials here that cipher dispatches passing between John M. Gregory, the American charge at Managua, Nicaragua, and the state department, were purposely mutilated during Nicaragua's recent unusual military activity.

## VA. LEGISLATOR BROKE A GLASS, SHOT BY POLICE

Was Breaking Up Saloon When Policeman Arrived—Is Held on Charge of Felony.

By Associated Press.

Richmond, Va., April 8.—Ordway Puller, a former member of the legislature and a prominent young attorney of this city, was shot early today by a policeman just after having broken a window in a saloon.

The officer heard the crash of glass and ran to the scene. Puller attempted to escape and the officer fired. He is now in a hospital under surveillance by the police on a felony charge. The wound is not dangerous.

MANY RADICAL CHANGES  
IN RULES OF THE SENATE

Many radical changes were made in the rules of the state senate for the 1909 session when the committee made its report yesterday.

The judiciary committee is divided into two separate and independent sections, composed of nine members each. This is expected by President Hudson to double the working power of the committee and enable the handling of business with dispatch.

A special committee of three members is appointed to distribute the various subjects treated in the governor's message to the appropriate standing committees.

All applications to the senate for clerical aid shall be referred to the committee on legislative expense for investigation. This is expected by President Hudson to cut out the soft snaps. When a clerk is appointed the fact, with his name, must be reported to the same committee.

The hours of the daily sessions shall be in a.m. and 3 p.m.

Every bill referred to a committee must be reported back within seven days.

Thirty-two committees are provided instead of thirty-seven—the number in 1907. The committee on city and county organizations is divided into separate committees and a bank-committee is provided.

The list this session consists of committee on judiciary A, judiciary B, education, finance and taxation, claims, corporations, county organization, municipalities, militia, legislative expenses, agriculture and forestry, public printing, engrossed bills, enrolled bills, banking, railroads, public lands and drainage, privileges and elections, appropriations, Indian affairs, commerce and navigation, immigration, canals and telegraphs, public health, constitutional amendments, temperance, mining and minerals.

eral resources, game and fisheries, organized labor, public roads and highways, prisons and convicts, pensions.

## WEDNESDAY AFTERNOON'S SESSION OF THE SENATE.

The senate was called to order at 3 o'clock. Roll call showed thirty present. The senate returned to the consideration of resolution No. 3, regarding stenographers. Williams of the 21st, offered an amendment requiring stenographers to prepare bills and do other work fixed by a special committee of three. Humphries favored the original resolution.

The amendment was lost by viva voce vote. Broome raised strong objections to the original resolution. He classed Flournoy as the first lobbyist of this session, as he said he had been lobbying for his bill. The resolution was carried by a vote of 18 to 14. The chair appointed Beard, Harris and Williams on the committee.

### New Bills Introduced.

The senate then proceeded to receive new bills and the following were introduced:

Senate bill No. 1 by McMullen, is a bill relating to the capital stock of banks and banking companies and the liability of their stockholders, limits upon loans, regulation of their reserve and capital, and a deposit guarantee fund. Referred to committee on banking.

Senate bill No. 2 by McCreary—a bill to secure to the people of Florida school text books at reduced prices, to empower county boards of county instruction to make contracts with publishers, to provide penalty for dealers selling at greater prices than in contracts entered into, etc. Committee on education.

Senate bill No. 18, by Beard—Proposing constitutional amendment relating to suffrage. To constitutional amendments.

Senate bill No. 19, by Beard—Act to punish persons using profane or obscene language on electric cars. To judiciary B.

Senate bill No. 20, by Beard—To prohibit spitting and smoking inside of electric cars. To public health.

Senate bill No. 21, by Zim—For protection and preservation of forests, fish and game. To fisheries and game.

Senate bill No. 22, by Dayton—Relating to banks and banking and a guarantee fund. To banking.

Senate bill No. 23, Dayton—Act to allow circuit judges to employ clerical and other aid in the discharge of their official duties. To judiciary B.

Senate bill No. 24, by Dayton—An act to prohibit the dismissal of suits in state courts by clerks and to provide for the dismissal of the judges thereof, upon notice to the opposite party, or his attorney. To judiciary A.

A memorial was introduced by Beard and under suspension of the rules was adopted. It requests congress to rescind the naval department bill closing the Pensacola navy yard.

Of the banking bills, 250 copies each were ordered printed.

### Elections Confirmed.

The senate then went into executive session and confirmed the election of the following officials as submitted in a message from the governor:

Dade County—H. F. Atkinson, judge of criminal court of record. James T. Sanders, solicitor.

Volusia—James W. Perkins to be judge of criminal court of record; Bert Fish to be solicitor.

Escambia—J. Ed. Abercrombie, harbor master, Pensacola; E. D. Boggs, judge of criminal court of record; Scott M. Loftin, solicitor.

Adjournment was then taken until 10 o'clock Thursday morning.

### ITEMS OF INTEREST.

Louis P. Head, of Pensacola, and Chas. Leidy, of Tallahassee, chairman and member of the legislative committee of the Florida State Federation of Labor, are in the city laying plans whereby they hope to influence the legislature to enact laws favorable to organized labor, and to improve the laws relating to child labor.

The committee is also advocating uniformity of text books. Senator L. W. Zim, president of the Federation, will render able assistance to the committee.

Sensors Joseph H. Humphries and Fred M. Hudson are accompanied by their wives. These ladies have charming voices and are always in demand when they visit the Capital City.

Chas. Leidy will have of great assistance to the Tallahassee Musical Club, when the club renders its oratorio next week. Mrs. Humphries is stopping with her husband at the home of Mr. and Mrs. Chas. Cay, on North Monroe street, but Mrs. Hudson is making a home for her husband by keeping house. They have rented a furnished house on South Brougham street.

As usual, the music at St. John's Episcopal church on Easter Sunday will be elaborate and beautiful, and the Trinity Methodist choir also is preparing a special program for the latter place Mrs. Hudson will render a solo, in which she will be accompanied with a violin obligato by Mrs. Florence Hequembourg, professor of violin at the College for Women.

The piano recital given last Tuesday night at the college by Miss Martha May Cline, director of music at the college, was largely attended and greatly enjoyed. Tallahassee people are becoming more appreciative of the rare opportunities afforded them of hearing high class music so often, and these occasions at the college are attracting a crowd too large for chapel accommodation. The monthly vesper service was postponed from the first Sunday until next Sunday afternoon, when it will be rendered as usual.

The Rooney Bros. will give an entertainment in Tallahassee tomorrow night at Munro's opera house. This entertainment will be the last of the regular series of Lyceum attractions for the season, although the local management has generously provided for two more concerts to be given by the musical faculty of the college.

Mrs. Effie Cline Pones, of Little Rock, Ark., will visit her sisters, the Misses Cline, of the Woman's College, next week, when she comes to Tallahassee to take part in the coming state music teachers' convention.

Messrs. Frederick Hocker, Robert Shackelford and Laurie Perkins have returned to Tallahassee to spend the Easter holidays with their parents. These young men have been students at the Marion Institute, Marion, Ala.

The railroad commission is comfortably settled in their new quarters on the second floor of the Ames building, corner of Monroe and Market streets. The commission was occupying rooms in the capitol, and had to make room for the legislature.

The "Peoples' Lobby," established in the old armory building opposite the capitol on Monroe street, is in full blast, and Mr. Claude L'Engle has secured the courtesy of the state press, and his tables are well supplied with exchanges for the convenience and entertainment of the frequenters of the lobby. Mr. L'Engle also has on file the issues of the Daily Sun, published during the session of '07, which will be of value to persons looking for information on past legislation.

## ILLINOIS WOMAN MAKES REMARKABLE RECORD

Picks Eighty-Five Gallons of Berries Besides Performing Regular Housework.

Mrs. Anna Maring, R. F. D. No. 1, Box 57, Dennison, Clark county, Illinois, relates an interesting experience with the Cooper remedies, which have grown largely into popular favor during the past few years. She says:

"For years I have suffered agony from stomach trouble, always experiencing severe pain immediately after eating. I had a very poor appetite, and often went without my meals in order to escape the distress that was sure to follow. My digestion was bad, I was troubled with gas on my stomach, and my bowels were in a wretched condition."

"I tried everything I heard of in an effort to get relief, but could find nothing that would help me. I became weak, run down and greatly discouraged.
